EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification filed 01/26/2004, in "Priority" section, line 2, after "2001", --, now U.S. Patent 6,682,483 -- has been entered;

Allowable Subject Matter

2. Claims 1 and 2 are allowed.
3. The following is an examiner's statement of reasons for allowance: in regard to the independent claim 1, none of the prior art of record, alone or in combination teaches or suggests the recitation therein including the steps of sequentially transmitting at least a first pulse from the first group of transmitter elements and a second pulse from the second group of transmitter elements until all groups of elements have transmitted pulses into a respective portion of the studied region of the subject body adjacent to each group of transmitter elements; repeating the sequentially transmitting step above until a full dwell of pulses has been transmitted from each group of transmitter elements into each respective portion of the subject body and collecting Doppler shift data from reflections from each respective portion of the subject body; and repeating the above step until sufficient Doppler shift data has been collected from detector elements adjacent to each portion of the subject body to permit calculations of fluid flow at a desired signal to noise ratio.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
